STATE CLEARINGHOUSE

CAL AMERICAN WATER COMPANY – ARDEN SYSTEM, INITIAL STUDY/MITIGATED NEGATIVE DECLARATION (MND), FOR THE CAL-AM WATER WELL: 2340 & 2344 COTTAGE WAY PROJECT (PROJECT); SCH NO. 2021020012

Dear Mr. Smith:

Thank you for the opportunity to review the MND for the proposed Project. The State Water Resources Control Board, Division of Drinking Water (State Water Board) is responsible for issuing water supply permits administered under the Safe Drinking Water Act, and will require a new or amended water supply permit for the above referenced Project. A project requires a permit if it includes water system consolidation or changes to a water supply source, storage, or treatment. The State Water Board is a responsible agency pursuant to the California Environmental Quality Act (CEQA) and has reviewed the MND, and does not have any comments at this time.

The proposed Project includes construction of a new domestic water well, an eight-foot tall masonry wall, gate, water well and pump, and an emergency generator.

Once the MND is adopted, please forward the following items in support of Cal American Water Company permit application to the State Water Board, Division of Drinking Water, Sacramento District Office:

- Draft and final copy of the MND with any comment letters received and the lead agency responses, as appropriate;
- Copy of the Mitigation Monitoring and Reporting Plan;
- Copy of the Resolution or Board Minutes adopting the MND; and
- Date stamped copy of the Notice of Determination filed at the Sacramento County Clerk's Office and the Governor's Office of Planning and Research, State Clearinghouse.
